**TRACTION FOR
SNOW AND ICE**

**Build your confidence
walking on ice with
this temporary and
affordable solution.**

Easy to use, even in extreme cold—just hook over your shoe's toe and stretch over the sole. Easy to pull on and take off, while securely fitting multiple sizes of sneakers, shoes and boots for kids and adults.

Eliminate the chance to suffer slip and fall injuries on snow and ice during winter. Some of these falls result from black ice, snow, or snow-covered ice. These slip and falls can lead to very serious injuries ranging from fractures, neck and back injuries to traumatic brain injuries.

- * Stretch to fit easily over any type of shoes or boots
- * Comfortable tightening straps cross over insteps to help keep them in place during use
